

CHINAMERICA: The Uneasy Partnership that Will Change the World (Hardback)

Filesize: 2.37 MB

Reviews

This ebook is very gripping and fascinating. Sure, it is engage in, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Ms. Ora Buckridge)

CHINAMERICA: THE UNEASY PARTNERSHIP THAT WILL CHANGE THE WORLD (HARDBACK)

[DOWNLOAD PDF](#)

McGraw-Hill Education - Europe, United States, 2010. Hardback. Condition: New. Language: English. Brand new Book. Praise for ChinAmerica "A must-read for anyone seeking to understand the emergence of China as a major industrial power and how profoundly it is changing the world economy." -Dr. Henry Kressel, author of *Competing for the Future: How Digital Innovations Are Changing the World* "This book is essential reading for business leaders and observers everywhere as this dramatic shift of economic and political power from the West to China continues." -Ray Bingham, chairman, Flextronics International "ChinAmerica provides extremely in-depth visibility into the interactions and interdependency of China and the United States. I believe everyone who takes the time to read it will learn of the many challenges and opportunities that exist for both China and the United States." -Richard Kulle, president and CEO, gEM Services, Inc. "Handel Jones lays out concisely what China is doing right and the United States is doing wrong. This is a wake-up call because China today is the most serious economic competitor that the United States has ever faced. This book should be required reading for all U.S. politicians and business leaders." -Wilfred J. Corrigan, founder, chairman, and CEO (retired), LSI Logic Corp. Conventional wisdom pits China against the United States in a war for economic supremacy. However, in ChinAmerica, Handel Jones, one of the leading experts on China's industrial and economic emergence, demonstrates that the wave of the future is cooperation between the two titans, not conflict-and how America will benefit from increased economic engagement and competition with China. To some, conflict between China and the United States appears to be both imminent and unavoidable (indeed, in some eyes, the battle has already begun). But this perspective badly overlooks one vital fact: both nations have no choice other than to act in their mutual...
